March 18, 2020

Dear Parent/Guardian:

You are receiving this letter today because our school is supporting online learning while the school is closed for deep cleaning due to the COVID-19 virus. Thank you for supporting the learning of your child during this time.

By having a computer at home, students are able to access the use of digital curricular resources that are regularly used at school with support from their teacher(s). While technology has the potential to support critical thinking, creativity, and collaboration, it also has the potential to become a distraction from academics. For these reasons, Weld RE-1 enforces Board of Education policy EHC/JS-E, *Acceptable Use Policy for Technology*.

Today you will sign the agreement regarding *The Acceptable Use Policy for Technology*, so that you are aware of how we expect students to demonstrate positive digital citizenship. The District Technology Handbook in its entirety can be found on the district website, www.wcsdre1.org. Please remember that students/parents are financially responsible for the device, charger, and bag (if applicable) issued to them. We are excited to extend the 1:1 Chromebook Take-home opportunity to your child and thank you for your support in making this a great success.

We have included an active consent form on the bottom of this letter. Please sign this document.

Thank you for your continued partnership.

Sincerely,

The Weld RE-1 Technology Services Department
